

Call for a partner

Development of two pedagogical programmes for European Youth Camps

1. House of Europe

House of Europe is a EU-funded programme fostering professional and creative exchange between Ukrainians and their colleagues in EU*¹ countries. The programme focuses on culture and creative industries, education, health, social entrepreneurship, media, and youth.

This encompasses 20+ separate programme lines enabling us to go for conferences, professional events, internships, and networking in the EU*, or to enrol in study tours, residencies, training, and other forms of support. House of Europe funds cultural coproductions and cooperations between Ukrainian and EU* organisations, along with the development of cultural infrastructure and artistic concepts for youth in Ukraine. Finally, the programme offers various youth camps and an intra-Ukrainian university exchange.

Implementation of House of Europe is led by Goethe-Institut Ukraine, with the British Council, Institut français, and Czech Centres as consortium partners.

3. What are European Youth Camps?

European Youth Camps are camps with a focus on values important to European and Ukrainian society. The target audience of the camps are children aged 11-13 years and 14-16 years.

For each camp we choose an important topic and explain it to children in an interactive way. Among these topics are ecology, sustainable development, health, tolerance, inclusion and democracy. Children learn, make friends and have fun.

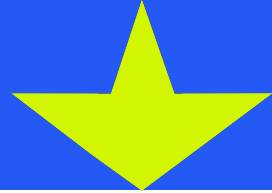

The participants also have access to a specially designed mobile application with additional information, quests, and games. The application operates on iOS and Android.
