Just a bit: you will be able to change each budget category within 20%. If you need something not foreseen at the application stage, contact us and we will try to help.

24. What about the schedule of the event?

Changing the location or postponing the start of the festival for a few hours is not an issue.

Changing the theme, format or headliner is more difficult. They distinguish your application in the eyes of experts. If you radically change the concept, we will need to re-evaluate how well the event meets the selection criteria.

However, we are always ready to help. Write to us, and we will try to agree on the changes.

25. Should I tell about the expenses?

You will need to submit two reports:

- Financial, where you will tell about the expenses and support them with invoices, certificates of work completion, etc.
- Narrative, where you will share your achievements and impressions about the programme

26. Can you withdraw the grant?

Only in extreme cases.

If you spend the grant on something other than what was described in the application, buy something not specified in the budget without consulting us, or do not submit reports, we can ask for a full or partial return of the grant.

However, we are sure that this will not happen to you. In any unclear situation, contact us and we will find a solution together.
