House of Europe

1 House of Europe is a EU-funded programme fostering professional and creative exchange between Ukrainians and their colleagues in EU*¹ countries. The programme focuses on culture and creative industries, education, health, social entrepreneurship, media, and youth.

This encompasses 20+ separate programme lines enabling us to go for conferences, professional events, internships, and networking in the EU*, or to enroll in study tours, residencies, training, and other forms of support. House of Europe funds cultural coproductions and cooperations between Ukrainian and EU* organisations, along with the development of cultural infrastructure and artistic concepts for youth in Ukraine. Finally, the programme offers various youth camps and an intra-Ukrainian university exchange. Following Russia's all-out war against Ukraine, a substantial War Response package was deployed.
