

Grantees

Hatathon grants

Public association "Centre for Regional Development"

Works on Payscious: a service of conscious support of Ukrainian cultural operators. The service will encourage cultural institutions to ask for public support and the public to support the sphere.

[Follow the project](#)

Civil organisation "Port of Culture"

Created an online marketplace Hypermarket of Culture aimed at supporting the local art scene. Users will purchase tickets to unique events to bolster cultural operators from all over Ukraine.

[Follow the project](#)

Civil organisation "Wiz-Art"

1

Designed the Big Short platform enabling users to promote, search, and watch short films produced in Ukraine and all over the world. Organisers and international film festivals curators creating the watchlists for the platform aim to introduce the audience to the fascinating world of short films.

Association of Cinema Promotion and Assistance in Ukraine – Watch Ukrainian!

Works on the Atklub.org service, a network of digital cinema clubs to get acquainted with the cinema of the Eastern Partnership countries. Audience from the EU, Georgia, Azerbaijan, Armenia, Belarus, and Moldova will legally enjoy high-quality local films.

[Follow the project](#)

Civil organisation "Mystetska VEZHFA"

Designed an interactive tales platform KazkAR bringing together the creativity of Ukrainian artists and modern technologies to create interactive content for children and anyone in touch with their inner child.

[Follow the project](#)

Civil organisation "Publishers' Forum"

Presents BOOKMINTs networking platform for literature events organisers, publishers and MINT-centers. The participants will create and promote their MINT-projects in the sphere of literature.

[Follow the project](#)

Civil organisation "UR Contemporary Dance Platform"

Works on an "Augmented reality stage ALTSTAGE" project, an AR app and three plays enabling users to watch plays in the modern augmented reality format.

[Follow the project](#)

Civil organisation "B6"

Designed an online platform for shared film watching experience Takflix Film Party. The platform is built around three key features: synchronised movie playback, live chat, and fun interaction tools.
